1. Commerce received a scope ruling request from Saft America Inc. (Saft). Commerce issued a final scope determination on 01/05/2015 that certain nickel-plated punched steel which Saft imports that is known as "NI-coated steel Strip and Flat Rolled IOS NA, LT 600MM, Plated/Coated, NESOI" is not within the scope of the antidumping duty order on diffusion-annealed, nickel-plated flat-rolled steel products from Japan (A-588-869).
2. Commerce determined that "NI-coated steel Strip and Flat Rolled IOS NA, LT 600mm, Plated/coated, NESOI" is outside the scope of the order because no heat treatment or chemicals are used to anneal the product after it has been plated. Therefore, the certain nickel-plated punched steel known as "NI-coated steel Strip and Flat Rolled IOS NA, LT 600MM, Plated/Coated, NESOI," is not within the scope of the antidumping duty order on diffusion-annealed, nickel-plated flat-rolled steel products from Japan.
3. For all entries of "NI-coated steel Strip and Flat Rolled IOS NA, LT 600mm, Plated/coated, NESOI" not within scope that remain unliquidated on or after 11/19/2013, CBP shall terminate suspension and liquidate entries of product not within scope which were entered, or withdrawn from warehouse, for consumption.
4. Refund any cash deposits relating to certain nickel-plated punched steel, known as "NI-coated steel Strip and Flat Rolled IOS NA, LT 600MM, Plated/Coated, NESOI," described above.
5. These instructions constitute notice of the lifting of suspension of liquidation of entries of certain nickel-plated punched steel known as "NI-coated steel Strip and Flat Rolled IOS NA, LT 600MM, Plated/Coated, NESOI," entered, or withdrawn from warehouse, for consumption on or after 11/19/2013.

6. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778 requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

7. Unless instructed otherwise, for all other shipments of diffusion-annealed, nickel-plated flat-rolled steel products from Japan not covered by paragraph 2 above, you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.
